Miss V. Jackson was farewelled by Convention and the hymn "God be with you" was sung.

Mrs. Hiatt, on behalf of Otago, extended an invitation to hold the next Convention in Dunedin. Received with acclamation.

It was decided to write to W.C.T.U., Evanston, enquiring re American publication entitled "Unkept Promise." An enquiry was made for some one to undertake the "Homemakers Column" in the "W.R."

Votes of thanks were passed to Wanganui Union for its warm and kind hospitality, especially for the serving of morning tea, to Mistresses of Courtesies, St. Paul's Management Committee, Mr. McLean the Caretaker, the Baptist Church Trustees, Hosts and Hostesses, the artists who per-

formed at the welcome social, the donor of £24 the cost of the report books, Miss Kendall and Mr. Smith for the loan of typewriters and all who had assisted in any way.

Mrs. Chesswas stated that the work put into Convention had been well repaid in the happy fellowship and friendship of delegates.

The Convention was brought to a close with Hymn 84, followed by responsive reading of the Crusade Psalm and Praise singing of "God be with you" and a very comprehensive and helpful prayer by the President.

(Signed) C. M. McLay, March 15th, 1950.

RESOLUTIONS PASSED AT DOMINION CONVENTION—1950

1.—“That the W.C.T.U. Convention urge the Government to provide Temperance Films to be shown in conjunction with the teaching of the Ethics of Temperance.”

2.—“That for all children from 8 to 10 years from L.W.R. Rolls, should receive a Card, Letter, or Testament, at the discretion of the Unions.”

3.—“That in view of the increase of child delinquency which police evidence states to be the result of a gangster type of picture on exhibition at picture theatres, and comics on sale at stationers, we urge a much stricter censorship of all films and comics, and the withdrawal of those that lead to delinquency.”

4.—“That in order to make Temperance Sunday interesting for children the W.C.T.U. should endeavour to procure films which are suitable for them.”

5.—“That fortified or ‘medicated’ wine as sold by chemists should be sold only as a doctor’s prescription, wine being like other poisons, harmful in overdoses.”

6.—“That Convention draws the attention of the Government to the fact that there are restrictions preventing young lads from entering hotel bars for the purpose of selling newspapers, race cards, etc., and would urge that these be enforced.”

7.—“That in the event of a man or woman being concerned in an accident at which it has been proved that indulgence in strong liquors has been a contributing cause, that person should be ordered to take out a prohibition order for three years at least, against himself or herself, irrespective of any other penalties imposed.”

8.—“That more severe penalties be imposed in cases of sexual assault.”

9.—“That believing total abstinence to be a moral and religious question, we would ask that the various Denominations of New Zealand be urged to institute a ‘Commitment Day’ as has been done in America whereby, on a given Sunday, everyone except children under 10 years of age, should be confronted with the definite opportunity and obligation of committing him or herself in the name of Christ, to abstinence from the use and serving of alcoholic liquors.”

10.—“That we protest against the publication of an evil form of literature at present in circulation, and beg that the Minister for Internal Affairs be approached with a view to exposing the utterly anti-Christian expression of modern thought which is being circulated between the covers of books whose authors aim at nothing higher than clever use of apt phrases and descriptive passages which convey only the lowest in moral standards.”

11.—“That new legislation be brought into force in the selling of contraceptives. The commodity to be sold only by chemists and not over other shop counters, or from other dealers as is being done at the present time.”

12.—“That the Government be asked for the rigid enforcement of the law regarding six o’clock closing of hotel bars.”

13.—“That resolutions passed by Dominion Convention be included in the Convention number of the ‘White Ribbon’.”

14.—“That the Government be urged to enforce the licensing law in regard to after-hour drinking in hotels and that the license of houses so breaking the law be endorsed and that of the licensee as well.”

15.—“That in view of the seriousness of drinking among very young people, the law regarding the serving of minors be rigidly enforced, as too frequently minors are before the Court for drunkenness.”

16.—“That the Government be requested to cater for that part of the nation which at present derives no benefit from the viticultural section of the Department of Agriculture by providing from its resources pure, unfermented grape juice for use as a beverage.”

17.—“That this Convention urges that when a person is convicted of (a) negligent driving; (b) of being intoxicated while in charge of a motor vehicle, the penalty shall not be less than thirty-six (36) hours of imprisonment.”

18.—“That this Convention urges the enforcement of the regulations by the conductor prohibiting smoking in the front of trams and buses.”

19.—“That in view of the dissatisfaction expressed by many Maori and social workers about the new legislation concerning the sale of liquor to the Maoris, the Government be urged to call a conference of Maori leaders and Social Welfare workers to discuss the matter.”

20.—“That this Convention views with concern the holding of camps and picnics on racecourse grounds by some Churches and Bible Classes.”

21.—“That where a man is arrested and known to be implicated in the cause of a serious accident, his name should not be suppressed in the case of intoxication.”

22.—“That a letter be sent to the Minister in charge of Aviation as to regulations regarding the consumption of alcoholic liquor by Pilot Officers.”

23.—“That this Convention ask the Minister of Education to have published as soon as possible in the Education Gazette, the regulations governing selling on streets or from door to door by children, particularly the statute relating to the selling of raffle and art union tickets.”

24.—“That we protest against the use of so much grain for the manufacture of alcoholic liquors.”

25.—“That a letter be forwarded to the Hon. Mr. Watts, Minister of Health, expressing the appreciation of Convention of his interest in the welfare of elderly people, who for lack of suitable homes, are at present patients in public and mental hospitals.”

CORRESPONDING SECRETARY'S REPORT—March 1950.

Convention Held in Wanganui.

In September, 1949, the visit of our World President, Mrs. Forrester-Paton, was both a delight and an inspiration to all who were privileged to meet her and it is much to be regretted that she was unable to visit the South Island.

Her time with our Maori members was surely in its turn a delight and inspiration to our beloved World Officer.

Our work for the past year has pressed forward. Much was done before the Polls by prayer, literature distribution and the word in season. Numerically we comprise 4,000 members distributed among 122 Unions and Niue Island. Lack of reports in many cases makes all figures approximate only.

For those Unions who are in dire straits we ask your prayerful help.

Cradle Rolls are run by 76 Unions with 5,000 names on the lists, a fine total but a much wider field waits to be covered.

The loving sympathy of the Dominion Officers goes out to all members who through the past year have suffered bereavement, illness or other sorrow. May our loving Father support and comfort them.

To all winners of long service badges we offer congratulations and trust that theirs will be a grand example for many more.

In reading the Union reports one cannot but be struck by the amount of varied and faithful work that our members are carrying on throughout New Zealand.

With the power of prayer to arm us let us go forward together.

March 7th, 1950.

J. ATKINSON,
Hon. Corresponding Secretary.

"THE WHITE RIBBON."

Annual Report and Balance Sheet for the year ending 31st December, 1949.

I have much pleasure in presenting to you my tenth annual report and balance sheet. The year has been an exceptionally busy one in that a good deal of time was taken up in making the changeover of the wrappers from handwritten to addressographed. This work was completed in July, but a constant flow of new subscribers and changes of addresses for old ones has meant that this work and the running the wrappers through the addressograph takes a good deal of time each month. The purchase of stencils was completed on the receipt of two donations, one of £5/5/- from the Wellington District and an anonymous donation of £5 received through the Editor. The loan of a typewriter for cutting the stencils was greatly appreciated.

The number of new subscribers gained during the year totals 200, a slight increase on the previous year, and only two-thirds of the number we aimed at. We crossed off 155 names, leaving a net gain in subscribers of 45. Of those crossed off 33 have passed away, 111 cancelled their subscriptions and 32 were unpaid or untraceable.

The new subscribers in the different districts are:—

The winner of the Banner for 1949, for the Union with the largest number of new subscribers, is Riccarton with 13.

The "White Ribbon" Vase for the Union with the largest number of subscribers to "The White Ribbon" has also been won by the Riccarton Union who have 159 on their list.

The Banner for Unions with under 20 members, having the largest increase in new subscribers, on a percentage basis, has been gained by Union, with per cent.

"Beacons."—The number sent out varied during the year from 550 in some months to as many as 625 in other months. This is a small increase on the previous year and shows more interest being taken in this paper for young people.

Y.P. Supplements.—86,610 copies were issued during the year, an increase of 3,060 on the year 1948. We are still selling these at below cost. A much wider distribution would help to lower the cost if we could possibly attain it. There is no other Temperance paper published for children that I know of, and so the opportunity is ours to increase the market for our paper.

I would like to put on record my appreciation of the help given me by the principals and staff of Messrs. Wright & Carman, Ltd., over the years, particularly in dealing with the little problems of production which crop up from time to time.

To Mr. G. A. N. Freeman, too, I wish to express a word of thanks for help and guidance in keeping our bookkeeping on sound lines and for his services as Auditor.

Our aim of 300 new "White Ribbon" subscribers per year is a little

nearer fulfilment than it was twelve months ago, and we welcome all who have put their names on our mailing list, and pray that many more may be influenced to help us in spreading information and propaganda against the most insidious evil in this country, and in making our official publication, "The White Ribbon," better than ever.

A. D. GRIGG.
